RESOLVED : That the report be accepted. 289/017

At this point Mr Kevin Davies and Mr Alan Rawlinson representing the Ebor Academy stated that the 3G pitch and astro turf were now completed and whilst the whole project was the aim, upon further investigation the costs would now be over £1m and with the contribution from Sport England per project only being £150k this was not achievable. Mr Davies went on to suggest that the project be split into 2 phases and that they proceed with the Sports Hall first which could be achieved which would be available to the public during the evening and weekends and possibly at other times by arrangement however they needed to move quickly on this. With regard to phase 2 the Health & Fitness Suite, he stated that in 2018 funding would be available from the Department of Education for the improvement of health of young people and at that time they could apply for a grant from them and again to Sport England for a second grant. Mr Davies stated that the Ebor Academy was totally committed to Phase 1 and Phase 2 of this project but needed a commitment from both Councils now as they would never be in this position ever again. Mr Rawlinson stated that Ebor Academy would be the responsible body for managing the Sports Hall and would be answerable to Sport England (if successful) for the sustainability of the project. The Clerk asked Boro Cllr Cockerill as to how much funding the Borough Council were to put into this project and he replied that pending receipt of a viable business case there was a commitment of 2:1 ratio with the Town Council therefore with a proposed £130k from the Borough Council the Town Council's portion would be £65k. With regard to Phase 2, there was a bid in to the Borough Council for £200k in respect of this.

Standing Orders were suspended for Cty Cllr Cross to speak

Cty Cllr Cross had not submitted a written report this month due to him standing in the NYCC elections and in a period of purdah but could answer questions from members. With regard to Parking along Filey Seafront whereby members had suggested that the bays be removed so that it became just one long bay, Mr Santon stated that they would consider changing the road markings so it became one large bay as this would increase the efficiency of the parking provision along the Beach but were unable to change or introduce a Traffic Order to limit parking along The Beach as the area did not meet any of the required criteria.

SCARBOROUGH BOROUGH COUNCIL

Report from Borough Councillors

Borough Cllr Mike Cockerill had previously submitted a report to members of the Town Council which is attached at **Appendix 1**. With regard to the Feeding Seagulls item in the report Cllr Casey commented that a lady fed the seagulls at Country Park every morning. In respect of the No Confidence item in the report, Cllr Haxby stated that he was man enough to admit if he had made mistakes and humbly apologised but still considered that the minutes of the Scarborough Borough Council were confusing. Boro Cllr Cockerill did confirm that he had voted to borrow £6m for the demolition of the Futurist but had voted against the borrowing £9m for the Sands development. Cllr Haxby went on to state that the Borough Council had still not painted the wall of the former TIC on John Street and assets had been sold from under our feet. Whitby Town Council and ourselves had proposed a vote of no confidence and now UKIP and Labour members of the Borough Council were also proposing the same. Meetings and dialogue with the Borough Council had not worked but everyone cannot be wrong and the Cabinet right. Boro Cllr Cockerill stated that Yorwaste was closed by the County Council and not the Borough Council, there was no deal with Flamingo Land regarding the Futurist site. He went on to state that he agreed Filey did not get its proportional share of funding as in the years 2011 – 2016 Filey's spend per head had been £178, Scarborough's £229 and Whitby £430. He suggested a way forward may be to have an informal meeting first followed by a Council meeting.

Members enquired of Boro Cllr Cross as to whether the Borough Council were intending to hold an Extraordinary Meeting to discuss the Vote of No Confidence put forward by the political parties to which he commented that this was in debate at the present time.

RESOLVED : That the above information be duly noted and Boro Cllr Cockerill be thanked for his informative reports and further comments.

TOWN CENTRE BUNTING

The Town Clerk informed members that she had had difficulty obtaining quotations for the erection of bunting as contractors needed to know the exact positioning and length of the bunting in order to assess the amount of time this would take to erect and dismantle. The Town Council's insurers would also require signed wayleaves from all property owners, method statements and risk assessments and proof the anchor fixings were sufficient and had been tested. A licence to span the highway would also need to be obtained from NYCC with all supporting evidence to assure them everything was in place. It had been suggested by the voluntary group who had undertaken this last year that only Murray Street have the bunting this year as other streets had caused them problems. A prolonged discussion took place following which Cllr Wilkie was to identify the buildings in Murray Street to ascertain which fixing points could be used or would need to be replaced and the cost implications of this as funding would have to be identified. After further discussion it was :

RESOLVED : That the erection of bunting in Murray Street only would not take place this year but actions be set in place for next year with a letter being sent to the group who had previously undertaken this explaining the reasons why this cannot be achieved.

As Cllr Casey had been on the scene he had taken a photograph of the accident and the Clerk was able to arrange prompt removal of all the masonry for storage. MONTHLY STATEMENT from MJC

FEEDING SEAGULLS

The gentleman removing waste from commercial bins and litter bins has been verbally advised and has also been given a formal warning to cease this behaviour.

Should it continue then SBC officers will continue to work with the Borough Council's Safer Communities team to issue a Community Protection Notice.

However this individual has served a custodial sentence for this issue elsewhere, so there remains concern that the actions to date will stop him.

NO CONFIDENCE

Following the FTC letter explaining the "No Confidence" vote I have been able to provide the correct information to Cabinet colleagues and others in relation to some of the incorrect or irrelevant information stated during your meeting that considered and passed the "No Confidence" resolution.

Additionally, at your March meeting the suggestion was put forward that I had voted in support of an option for SBC to loan Benchmark £9 million to allow the construction of the Waterpark.

Following my challenge to the accuracy of that suggestion your meeting was informed that proof would be produced to substantiate the allegation.

To date I have not been shown any of this supposed evidence, most likely because none exists.

Whilst I am sure errors have been inadvertent, I consider it is necessary to provide correct information.

Consequently, see below where I am able to provide clear and irrefutable evidence of the correctness of my rebuttal challenge.

An extract from the formal Minutes of the Borough Council meeting, 9 September 2013 that clearly shows the Recorded Vote in regard to the option for SBC to provide the loan.

You will notice that my name is clearly recorded as voting against the loan, not in favour as stated at your meeting.

This documentation is available to see on the SBC website:

*At the The Sands - Waterpark Proposals
Meeting of Council, Monday, 9th September, 2013 2.00 pm (Item 15.)*

The Council considered a report by the Director of Business Support (Reference 13/307) which asked Council to consider two Options A and B concerning the Waterpark proposals and determine with which Option to proceed.

Members had previously had the opportunity to attend detailed presentations from Mr Duce, Benchmark regarding the Waterpark proposals and ask questions. Members also had the opportunity to attend separate detailed briefings given by the Director of Business Support and the Director of Legal and Democratic Services and ask any questions including those concerning the financial, legal and other implications of the proposals prior to the meeting. The briefings had been well received by Members as they provided very detailed explanations of the full financial and legal risks involved in progressing the proposals. Members thanked both Directors for their approach to ensuring that Members had a clear understanding of all the implications of the proposed deal.

The Council adjourned the meeting to allow a final presentation from Mr Roland Duce, Benchmark to take place and for Members to ask questions of Mr Duce only, following which Mr Duce left the Chamber prior to Members' commencing their debate.

The Leader, Councillor Fox on introducing the report, referred to negotiations with Mr Duce which took place after the report was published and advised of two amendments to the sub-recommendations to Option A to those printed in the report at the meeting.

Councillor Fox rose to propose Option A as amended which was duly seconded by Councillor Bastiman. Councillor Broadbent proposed Option B and this was duly seconded by Councillor Challen. Members were advised by the Director of Democratic and Legal Services that both Options were available as a choice and both Options could be kept open prior to voting. After a lengthy debate, in excess of 8 Members stood to request a recorded vote and Option A to agree to the proposal for facilitating the funding the construction of the Waterpark as amended was put to the vote.

For Option A as amended	Against Option A
Cllr A Abbott	Cllr J Armsby
Cllr G W Allanson	Cllr S P Bairstow
Cllr G A Backhouse (Mayor)	Cllr D L Billing
Cllr Mrs S E Backhouse	Cllr E Broadbent

Cllr Mrs J E Mortimer	Cllr S Siddons
Cllr J Plant	Cllr M H Ward
Cllr P G Popple	Cllr B F Watson
Cllr E M Smith	Cllr J Zegstroo
Cllr W H Tindall	

RESOLVED that subject to the recommendations and conditions detailed in the report and as amended at the meeting, Option A to agree to the proposal for facilitating the funding of the construction of the Waterpark be approved as detailed in the Council's Restricted Minute Book.

Thus it can be seen that my challenge during your meeting was correct and fully justified as I voted against the proposal of which there is clear evidence above.

Cllr Haxby also stated that, in the time of Cllr Freda Coultas being Town Mayor, a motion of No Confidence had been suggested but not passed.

My recollection is that a vote of No Confidence was passed but it was in regard to the Head of Tourism at the time.

I totally support the right of anyone to have and express an opinion but would urge that people check the facts before making statements that cannot be substantiated.

Borough Councillor M J Cockerill
